

Clenit™ Cleans Iron Ochre In Sump Pits

Clenit™

CLEANSES IRON OCHRE IN SUMP PITS

Clenit™ Cleans It!

- Removes iron ochre, the red slime buildup, from your sump system
- Helps maintain a healthy pump and pit
- Great for periodic pit maintenance

Simply introduce Clenit™ to your sump system, allow the proprietary powder to attack the iron ochre, and have your pump evacuate the pit. Since Clenit™ is made from a naturally occurring compound, it is 100% biodegradable and safe for the environment.
